

Would you like to work in an innovative company in the heart of Hamburg?

PlantaCorp is an ISO 22000, GMP-certified German manufacturer of liposomal food supplements. Our unique and advanced vital substance-encapsulation technology provides our customers with highly effective, maximal-absorption liposomal food supplements.

We as PlantaCorp help our business partners to conquer the global supplement market with both our contract manufacturing and white labelling services. Together, we are shaping the future by creating a new perspective on food supplements. Our goal is to make our modern and innovative liposomal technology available to everyone.

To get closer to our goal, we are looking for a:

WORKING STUDENT RESEARCH AND DEVELOPMENT

Part-time, 10 hours (f/m/d)

Tasks:

- making test productions on a scale of 1-5 litres
- production of product samples for shipment to customers
- execution of tests within the scope of product development
- careful documentation of all actions & manufacturing steps
- determination of physical parameters for the preparation of product specifications
- shipment of test materials for analysis to various laboratories

Required qualifications:

- initial experience in the laboratory and in the general handling of basic equipment (pipettes, pH meters, viscometers, etc.) desirable
- very good knowledge of German and English, both written and spoken
- analytical thinking as well as an extremely thorough way of working
- MS Office skills
- the desire to work responsibly in a team but also alone

Mutual respect, reliability and self-initiative are a matter of course for us.

Benefits

We offer you a challenging job in a varied environment. In our very innovative and dynamic company that is on a strong growth path, you will have the opportunity to implement your own projects and thus develop yourself personally. With the right self-commitment, everyone has the chance of more responsibility.

Curious? Then we look forward to receiving your electronic application at:

About us

PlantaCorp is an ISO 22000 and GMP-certified producer of liposomal supplements based in Hamburg, Germany. Our unique encapsulation technology offers other companies the opportunity to build a business in quality food supplements.

<https://www.plantacorp.com/>

In April 2015, we developed our own distribution brand, ActiNovo. Through ActiNovo, we offer liposomes as a revolutionary dietary supplement transport system to a global audience. These are up to 46 times more bioavailable than conventional tablets, pills and oils.
